5. How can the intensity label help in the selection of workout suitable for me?	8
6. If I have any existing medical condition, will I be stopped from signing up from an activity which is vigorous intensity?	8
7. Why do some activities have the intensity label, while the others do not have?	9
8. Is there a cut-off time to register for activities?	9
9. How far in advance can participants register for the sessions?	9
10. When will sessions be released on the Healthy 365 app?	9
11. Why are some of the sessions fully booked at the very instance it is being released?	9
12. What is the maximum number of sessions I can register for at a time?	9
13. I have been prompted to update my health declaration when I clicked on “Book Now”. Why is the information required?	10
14. I have been prompted to enter my emergency contact when I clicked on “Book Now”. Why is the information required?	10
15. How do I update my emergency contact if there are changes?	10
16. I have registered for an activity. Can my friend/family member attend the activity even though they did not register beforehand?	10
17. Will I receive confirmation after I have registered on the Healthy 365 app?	11
18. Will the ‘Sync Calendar’ function reflect changes or cancellation of session?	12
19. How do I cancel my registration?	12
20. How can I be updated if there is a change in location or cancellation in the event of inclement weather?	14

21.	When will HPB activate the cancellation of session in the event of inclement weather (e.g., rain)?	14
22.	When will HPB activate the cancellation of session in the event of very hot weather (e.g., high heat stress)?	14
23.	Why are HPB physical activity programmes cancelled due to very hot weather (e.g., high heat stress)?	14
24.	Why do I receive the message to update my health declaration upon logging in to the Healthy 365 app?	15
25.	When will HPB activate the cancellation of session due to haze conditions?	15
26.	Why are HPB physical activity programmes being cancelled due to the haze? Why are indoor/virtual programmes cancelled as well?	15
27.	How can I view the past sessions that I have attended?	16

Section 3: Registration for Partner Organisation Events16

1.	What are Partner Organisation events?	16
2.	How can I find Partner Organisation events on the Healthy 365 app?	16
3.	How do I register for Partner Organisation events?	17
4.	Will I receive app notifications and email reminders for Partner Organisation events I have booked?	18
5.	Will my attendance at Partner Organisation events be recorded in the Healthy 365 app?	18
6.	Do no-show and late cancellation penalties apply to Partner Organisation events?	18
7.	How do I cancel my registration for Partner Organisation events?	18
8.	Is the booking limit applicable to Partner Organisation events?	18
9.	Do I need to update my health declaration to register for Partner Organisation events?	19
10.	How far in advance can participants view Partner Organisation events?	19
11.	Who should I contact if I have questions about a Partner Organisation event?	19

Section 4: Registration and Attendance for Parent-Child Events20

1.	What are parent-child events (e.g., Active Family Programme)?	20
2.	How can I register on behalf of my child(ren) for parent-child event?	20
3.	Is there a limit on the number of children I can add to my Healthy 365 profile?	20
4.	Can my spouse also add our child(ren) into his/her Healthy 365 profile?	20
5.	If my child(ren)'s information has/have changed on Singpass Myinfo, do I need to inform HPB?	20
6.	Is there a limit on the number of children that I can register on behalf for parent-child events?	20

7.	Can I transfer my booking to my spouse if I am unable to participate in the session booked?.....	20
8.	Can my parents/siblings/relatives register on behalf of my child(ren) for parent-child event?.....	21
9.	Can I still attend the event if one of the children I have registered for is unavailable to attend?	21
Section 5: Attending Virtual Session booked on Healthy 365 app		21
1.	How do I attend the virtual session that I have booked on the Healthy 365 app?.....	21
2.	Can I share/forward the event link in the email to my friend/family member to attend the session even though they did not register beforehand?	21
Section 6: Error Messages and Troubleshooting on Healthy 365 App		21
1.	Activities overlapped when registering	21
2.	Maximum number of sessions booked exceed 8	22
3.	Check-in to on-ground session is unavailable.....	23
4.	Invalid QR Code when check-in to on-ground session.....	23
5.	Invalid Input / Failed to scan when check-in to on-ground session.....	23
6.	Reminder on expiring health declaration status	23
7.	Expired health declaration status	24
8.	Health declaration not suitable to join this session when checking-in to an on-ground session	24
9.	Why am I unable to update my health declaration on the Healthy 365 app?	24
10.	Why do I receive the “Unable to verify your profile with the NRIC/FIN” error message when I try to log in via Singpass Myinfo to add my child(ren) to my Healthy 365 profile?	25
11.	Why Singpass Myinfo is unable to retrieve my child(ren)’s information?	25
12.	Why is my child(ren)’s details retrieved from Singpass Myinfo inaccurate/missing?	25
13.	Why do I receive the “No dependent(s)” error message when I try to add my child(ren)?.....	25
Section 7: No-Show Policy		26
1.	Is there any penalty for failure to attend the registered activities?	26
2.	Why introduce the no-show policy?.....	26
3.	Why is the no-show policy applicable to virtual events when there are usually extra slots due to the higher capacity allowed?	26
4.	What constitutes a no-show?.....	26
5.	Can I appeal for a waiver of the no-show penalty?.....	27
6.	If I have incurred a penalty due to no-show and am unable to make on-ground event bookings for 7 days, can I still attend previously booked sessions?	27

Section 8: Late Cancellation Policy	27
1. What is HPB's late cancellation policy?	27
2. Why introduce the late cancellation policy?	27
3. What is the difference between a no-show and a late cancellation?	28
4. How can I avoid incurring penalties?	28
5. Will I be penalised if the session is cancelled by HPB?	28
6. What happens if I incur both a no-show and a late cancellation penalty?	28
7. How can I check if I have any active penalties?	29
8. What if I have a valid reason for my no-show or late cancellation?	29
9. Can I still attend previously booked sessions during a penalty period?	30

Section 1: General

1. What are MOVE IT programmes?

HPB offers a range of physical activity programmes under the “MOVE IT” brand, catering to different target audiences to stay active. Current programme offerings include Active Family Programme, Healthy Workplace Ecosystem (HWE), Community Physical Activity Programme (CPAP), Mall Workouts (MW), Quick HIIT, Start2Move, Sundays @ the Park (SATP) and Sunrise in the City (SITC). All programmes are available for booking via the Healthy 365 app.

For more information on the respective programmes, you can refer to <https://go.gov.sg/moveit-programmes>.

You can find more than just MOVE IT programmes on the Healthy 365 app. We also list events from other government agencies such as SportSG¹ and People's Association. This means you can see all healthy lifestyle programmes from different government organisations in one place.

Please refer to [Section 3: Registration for Partner Organisation Events](#) for more information.

2. Do I need to pay for registration?

HPB's MOVE IT programmes are free of charge and are subsidised by the government.

Some Partner Organisation events (such as SportSG¹ and People's Association programmes) may charge fees. You will see payment information on the event listing details page if an event has fees. If payment is required, you will complete this on the Partner Organisation's platform after being directed from the Healthy 365 app.

Section 2: Registration and Cancellation of Sessions

1. How do I register for the workouts under MOVE IT programmes?

Participants need to create a profile and register for the programmes through the Healthy 365 mobile application, which can be downloaded from the App Store / Google Play.

- 1) Launch the Healthy 365 app and tap on the “Explore” icon.
- 2) Tap on “Events” to view the list of activities and sessions available for the next 28 days.
Note: Details on time, programme name, activity name, event mode (virtual or location for on-ground activity) and available slots will be indicated under the event listing page
- 3) Select the activity that you wish to attend and tap on the activity to view more details.
- 4) Tap on “Book Now” and select the sessions that you wish to attend.
- 5) Tap on “Confirm Booking” to register for the sessions. Sessions that are successfully registered will be reflected under the “My Schedule” page, which you can find under the “Booked” tab on your dashboard.

For Partner Organisation events (such as SportSG¹ and People's Association programmes): Please refer to [Section 3: Registration for Partner Organisation Events](#) for detailed information on registration and booking processes.

2. I do not have a smartphone compatible with the Healthy 365 app. How can I register for activities?

Participants who do not have a compatible smartphone are encouraged to use a friend/family member's smartphone to register for activities on the Healthy 365 app.

Restore account:

- 1) Sign in using your own NRIC or FIN and mobile number on your friend/family member's compatible smartphone to restore your account.
- 2) Go to "Explore".
- 3) Under "Events", select the activity that you wish to attend and tap on "Book Now".
- 4) Select the sessions that you wish to attend. Sessions that are successfully registered will be reflected under the "Booked" tab.

Sign up for a new account:

- 1) Sign up for a new account on your friend/family member's compatible smartphone.
- 2) You will need to make sure you enter a valid email address during profile creation as you will receive an email confirmation to inform you of your successful registration.
- 3) Once your account has been created, go to "Explore" to start exploring events.
- 4) Under "Events", select the activity that you wish to attend and click on "Book Now".
- 5) Select the sessions that you wish to attend.
- 6) Sessions that are successfully registered will be reflected under the "Booked" tab.

3. How are the activities in Healthy 365 app sorted? Is there any way I can search/filter for specific activities?

The activities under "Events" are sorted based on dates. Use the date bar to scroll and tap on a date for available sessions.

For sessions listed on the same day, the sessions are sorted according to the start time of the session. Sessions starting nearer to the time of search will appear at the top of the list. To search for specific activities and sessions, you may use the search bar at the top. You can search for the activity name (e.g., Kickboxing, Zumba, Yoga), area (e.g., Pasir Ris, Orchard), programme name (e.g., SITC, Mall Workouts) or a combination.

You can also use the filter feature next to the search bar. Filter by location, date & time, fees, event mode, intensity level, partner organisation, and suitability. Your results will then be displayed under the session listing. For the ease of participants in searching for sessions that are still available for booking, you can also filter out the fully booked sessions by toggling on the button under the "Show only available sessions" feature and tap apply. Sessions that are full will not appear in the listing.

¹ SportSG programmes are listed as "ActiveSG" in the Healthy 365 app. ActiveSG is the mass participation arm of SportSG that provides accessible sports facilities and programmes to the public.

4. What does the intensity label besides the activity name mean?

The intensity label beside each activity name shows the expected aerobic intensity levels of the activity. The intensity labels range from low to vigorous and indicate how much exertion a participant can expect to experience during that event.

	Low intensity
	Moderate intensity
	Vigorous intensity

5. How can the intensity label help in the selection of workout suitable for me?

The intensity label serves as a reference to help users understand how strenuous or intense the physical activity is before registering for the session. This allows those who are more active to look for more vigorous options while those who may be new can also look out for less intense options to start with. The label only serves as a guide to help users make more informed choices but does not reflect the actual experience on-ground as intensity is subject to many other factors, such as a person's age, current fitness level, etc.

6. If I have any existing medical condition, will I be stopped from signing up from an activity which is vigorous intensity?

Registration for workouts of all types of intensity levels will remain open to all users. The label is only a guide to indicate the expected intensity level while the actual experience on-ground is still subject to many other factors, such as a person's age, current fitness level, etc. For those with existing medical conditions, it is recommended to start at a lower intensity and to consult a medical professional prior to engaging in any form of physical activity, if there are any doubts.

7. Why do some activities have the intensity label, while the others do not have?

Intensity labels are added only to activities which involve active participation in an exercise. Activities that are workshop-based or involve only some physical activity throughout the entire duration of the session may not have an intensity label added.

8. Is there a cut-off time to register for activities?

Registration is on a first-come, first-served basis. You may register for the activity until the activity start time, or until the session capacity is reached. You will not be able to register once the activity has started.

9. How far in advance can participants register for the sessions?

You can register for sessions up to 29 days in advance (today included), subject to availability.

10. When will sessions be released on the Healthy 365 app?

New sessions will be released for booking daily at 12 noon on a rolling 29-day basis. This means that each day, new sessions will be made available for booking 29 days in advance (today included).

For example, if today is 1 October 2025, sessions scheduled for 29 October 2025 will be released for booking. On 2 October 2025, sessions for 30 October 2025 will become available.

11. Why are some of the sessions fully booked at the very instance it is being released?

With limited capacity per session and high demand for some sessions, it is possible that these sessions can be fully booked quickly. We will continue to work towards increasing our sessions to allow more individuals to take part in our programmes.

12. What is the maximum number of sessions I can register for at a time?

For HPB programmes: You can book up to 8 sessions across all programmes (including on-ground and virtual sessions) offered on the Healthy 365 app.

For Partner Organisation events (such as SportSG¹ and People's Association programmes): Please refer to [Section 3: Registration for Partner Organisation Events](#) for information on how the booking limit applies to Partner Organisation events.

**13. I have been prompted to update my health declaration when I clicked on “Book Now”.
Why is the information required?**

HPB requires all participants of our physical activity programmes to have a valid health declaration to assess your readiness to be physically active. As your safety is important to us, it is necessary for you to evaluate your health condition and seek professional medical advice where relevant. When checking in to either an on-ground or virtual session, Healthy 365 users without a valid health declaration (i.e. expired, declared not ready to be physically active, or incomplete health declaration) will not be able to take attendance and participate in the session.

Upon successfully updating your health declaration, you may also be prompted to cancel any existing bookings that may not be suitable for you to join based on your latest health declaration. We strongly encourage you to always ensure you have the relevant medical clearance before engaging in physical activity.

**14. I have been prompted to enter my emergency contact when I clicked on “Book Now”.
Why is the information required?**

In the event of an incident, for both on-ground and virtual physical activity events, HPB will provide the necessary support such as activating ambulance services and/or calling the emergency contact based on the information shared by the participant. For virtual physical activity events, HPB may attempt to contact the participant first before deploying further action.

The emergency contact is compulsory only for virtual physical activity events. Once it is provided, the participant is deemed to have given consent to HPB to share the participant's personal information with HPB and its appointed vendors/parties, to provide support in case of an emergency, and confirmed that the consent of the emergency contact person to share their contact details has been sought.

15. How do I update my emergency contact if there are changes?

You can go to “Profile”, tap on “Secondary Information” to amend the information. Please tap “Update” button at the bottom of the page to complete the process.

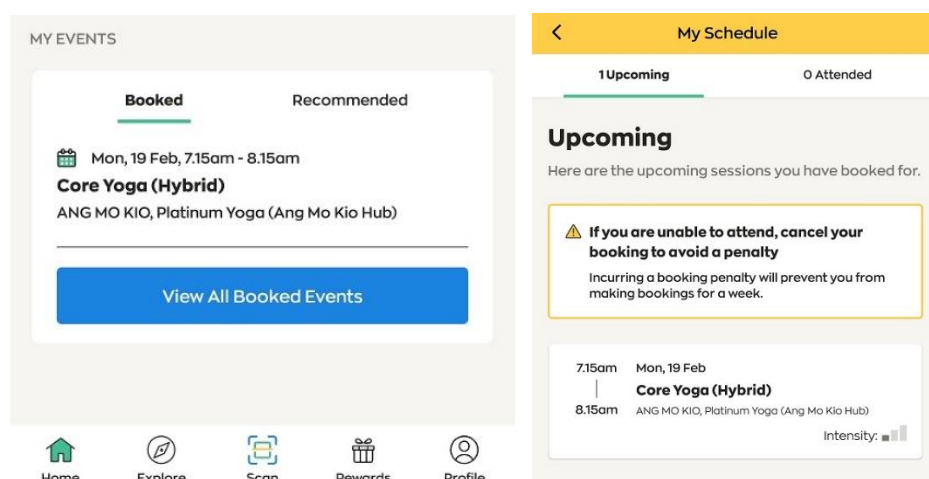

16. I have registered for an activity. Can my friend/family member attend the activity even though they did not register beforehand?

As all activities are subject to venue capacity, interested participants must register on the Healthy 365 app. Your friend/family member is encouraged to register for the activity as well to avoid disappointment.

17. Will I receive confirmation after I have registered on the Healthy 365 app?

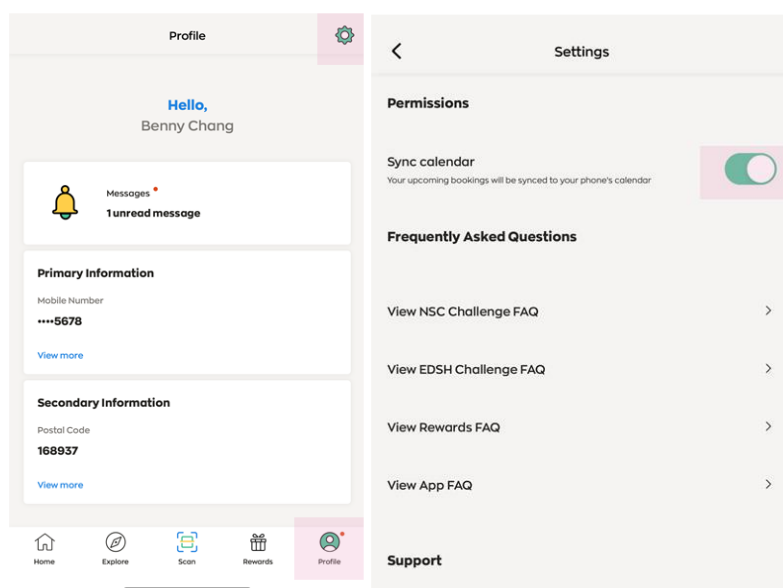

For HPB programmes: Yes, you will receive an email confirmation upon your successful registration. A reminder email will also be sent **one day before** the session. You must have a valid email address in your Healthy 365 profile to receive the email notifications. Please check your spam folder if you do not see the email in your inbox.

Successfully registered sessions will also be reflected under the “My Schedule” page. You can find this page by tapping on “View All Booked Events” under the “Booked” tab on your Healthy 365 dashboard.

You can also add your booking(s) into your phone calendar as a reminder.

1. Tap on the “Profile” icon at the bottom right of your Healthy 365 app.
2. Tap on the green settings icon found at the top right of the Profile page.
3. Under “Permissions”, you will see a “Sync Calendar”. Tap on the button to turn on the sync calendar function. Your upcoming bookings will be synced to your phone’s native calendar.

For Partner organisation events (such as SportSG¹ and People's Association programmes): Please refer to [Section 3: Registration for Partner Organisation Events](#) for detailed information on notifications and confirmation processes.

18. Will the 'Sync Calendar' function reflect changes or cancellation of session?

For HPB programmes: The 'Sync Calendar' function will sync any updates or changes to your phone's native calendar if it remains on.

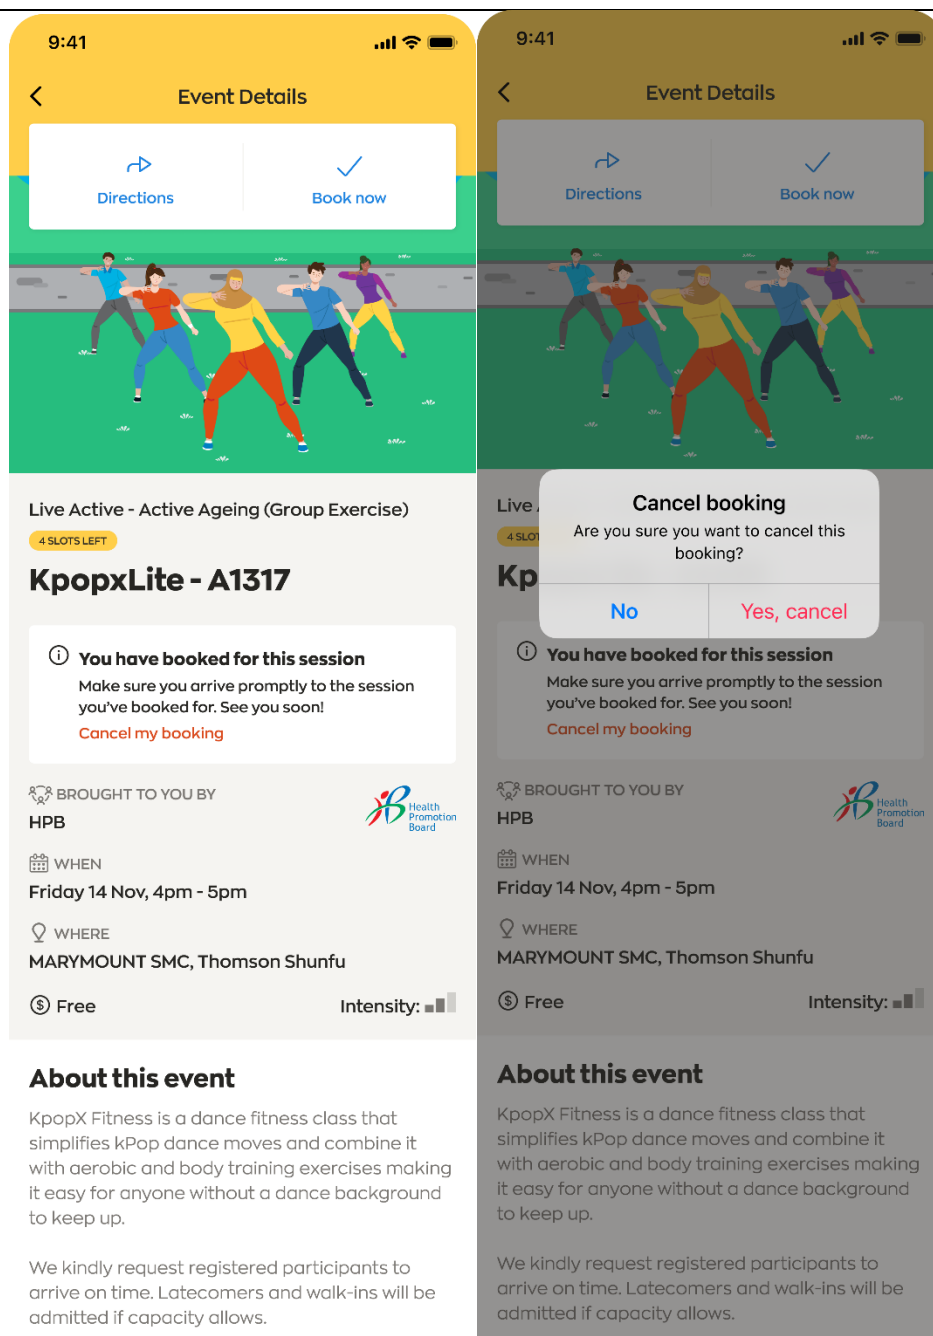

However, if the 'Sync Calendar' function is switched off after the first sync, it will not reflect any subsequent changes for the sessions that you have registered. You will have to refer to your Healthy 365 app for any updates.

For Partner Organisation events (such as SportSG¹ and People's Association programmes): Please refer to [Section 3: Registration for Partner Organisation Events](#) for detailed information on how changes and cancellations are managed for Partner Organisation events.

19. How do I cancel my registration?

Launch the Healthy 365 app and tap on "View All Booked Events" under the "Booked" tab on your dashboard.

You will be able to view the list of sessions that you have registered for. Tap on the session that you wish to cancel. Tap on "Cancel my booking" and a pop-up message will appear to confirm that you would like to cancel it. Tap on "Yes, cancel" and a green message will appear at the top once you have successfully cancelled the session.

If you are unable to attend a session, please cancel your registered session at least 12 hours before the session start time. This allows your slot to be made available to other participants. A late cancellation penalty will be imposed if you cancel less than 12 hours before the session start time. (You may refer to Section 8 for more information on the late cancellation penalty.)

For Partner Organisation events (such as SportSG¹ and People's Association programmes): Please refer to [Section 3: Registration for Partner Organisation Events](#) for detailed information on how to cancel Partner Organisation event registrations.

20. How can I be updated if there is a change in location or cancellation in the event of inclement weather?

For activities affected by wet weather, please check if the wet weather venue is indicated under the “Activity Description”. You will also receive a Healthy 365 notification and email notification if the activity organiser has updated the location of the venue.

In the event of cancellation, you will receive an email notification. Please note that you must have a valid email address in your Healthy 365 profile to receive the email notifications. Please check your spam folder if you do not see the email in your inbox.

You will also see the cancelled status of the session under the “Booked” tab on your dashboard in the Healthy 365 app.

You may also contact the activity organiser directly to find out more. The activity organiser’s contact details can be found on the session details page.

21. When will HPB activate the cancellation of session in the event of inclement weather (e.g., rain)?

In the event of inclement weather, HPB will activate the cancellation of session at least 15 minutes before the start of the session. If the cancellation is less than 15 minutes before the start of the session, an event facilitator will standby on-site to inform participants of the cancellation.

22. When will HPB activate the cancellation of session in the event of very hot weather (e.g., high heat stress)?

In the event of a heatwave or very hot weather (high heat stress; as defined by NEA), HPB may activate the cancellation of the session at least 15 minutes before the start of the session. If the cancellation is less than 15 minutes before the start of the session, an event facilitator will stand by on-site to inform participants of the cancellation.

The session may also be cancelled even if it has already started, should the heat stress reading be raised to “high” during the session.

23. Why are HPB physical activity programmes cancelled due to very hot weather (e.g., high heat stress)?

Prolonged exposure to heat can cause heat injuries like heat cramps or even heat stroke. For the well-being of our participants, activities will need to be cancelled during the high-heat stress periods as the risk of heat injuries is significantly higher and challenging to mitigate.

24. Why do I receive the message to update my health declaration upon logging in to the Healthy 365 app?

Upon logging in to the Healthy 365 app, users will receive a reminder to update their health declaration if it is expiring within the next 28 days. If you select “Skip for Now”, this reminder will appear once every day until your health declaration is updated.

If your health declaration has expired, the message will prompt you to update your health declaration or else you will be logged out of the app. Once the health declaration is updated, the next reminder will only appear 28 days before the health declaration’s expiry (1 year from the health declaration update).

This feature is put in place to ensure that all participants are aware of their health condition and are physically fit to participate in HPB’s physical activity programmes.

25. When will HPB activate the cancellation of session due to haze conditions?

HPB references the NEA’s health advisory for haze in the management of the sessions.

When the haze conditions turn “Unhealthy” (24 hours PSI: 101 - 200) and/or “Elevated” (Hourly PM2.5: 56-150), outdoor activities may be moved indoors (where possible) or cancelled until further notice. Virtual/indoor activities with air conditioning will continue until further notice.

When the haze conditions turn “Hazardous” (24 hours PSI: 301 and above) and/or “Very High” (Hourly PM2.5: >251), all HPB outdoor activities will be cancelled till further notice.

Healthy 365 users are strongly encouraged to book the sessions so you can be notified via the Healthy 365 app should there be any changes or cancellation due to the haze conditions.

26. Why are HPB physical activity programmes being cancelled due to the haze? Why are indoor/virtual programmes cancelled as well?

Exposure to air pollutants can cause respiratory symptoms and aggravate existing heart or lung disease. For the well-being of our participants, HPB’s outdoor activities will either be moved indoors or cancelled until further notice.

Indoor and virtual programmes will also be cancelled when the haze conditions turn “Hazardous” (PSI: 301 and above). In general, exercising indoors is still encouraged but it is also important to ensure good air ventilation when performing physical activity indoors. For those who are still keen to stay active, it is advised to ensure there is good air ventilation before proceeding. Some exercise ideas and tips can be found on the HPB MOVE IT page: <https://go.gov.sg/moveit-guides>.

27. How can I view the past sessions that I have attended?

For HPB programmes: Sessions where attendance is successfully taken via the Healthy 365 app will be reflected under the “My Schedule” page, which you can find by tapping on “View All Booked Events” under the “Booked” tab on your Healthy 365 dashboard.

Please note that only sessions attended in the past 28 days will be reflected on the page.

For Partner Organisation events (such as SportSG¹ and People's Association programmes): Please refer to [Section 3: Registration for Partner Organisation Events](#) for information on how Partner Organisation event attendance is managed, as these sessions will not be reflected in your Healthy 365 app.

Section 3: Registration for Partner Organisation Events

1. What are Partner Organisation events?

These are fitness programmes from partner government agencies that you can find on the Healthy 365 app.

Currently, you can see programmes from:

- SportSG¹ (shown as ActiveSG)
- People's Association

You'll book these programmes on their websites, not through the Healthy 365 app.

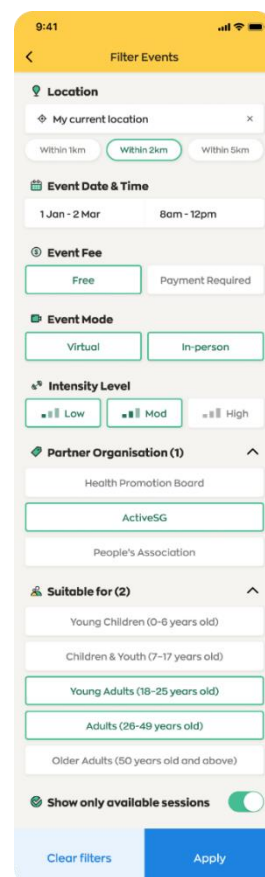

2. How can I find Partner Organisation events on the Healthy 365 app?

Use the filter feature to find events from specific partners.

To filter:

1. Tap the filter icon next to the search bar.
2. Select Partner Organisation.
3. Choose SportSG¹ (shown as ActiveSG) or People's Association.

This will show only events from your selected partner.

3. How do I register for Partner Organisation events?

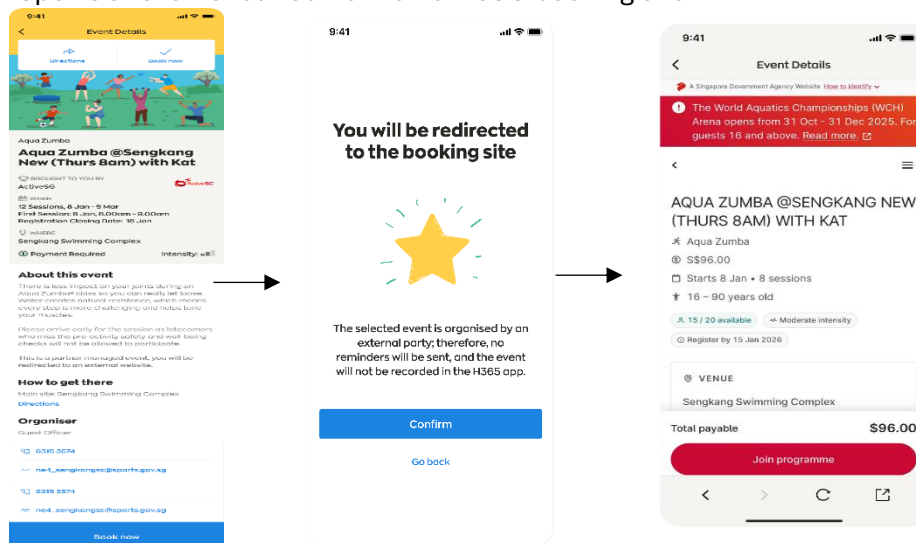

You register on their website, not in the Healthy 365 app.

To register:

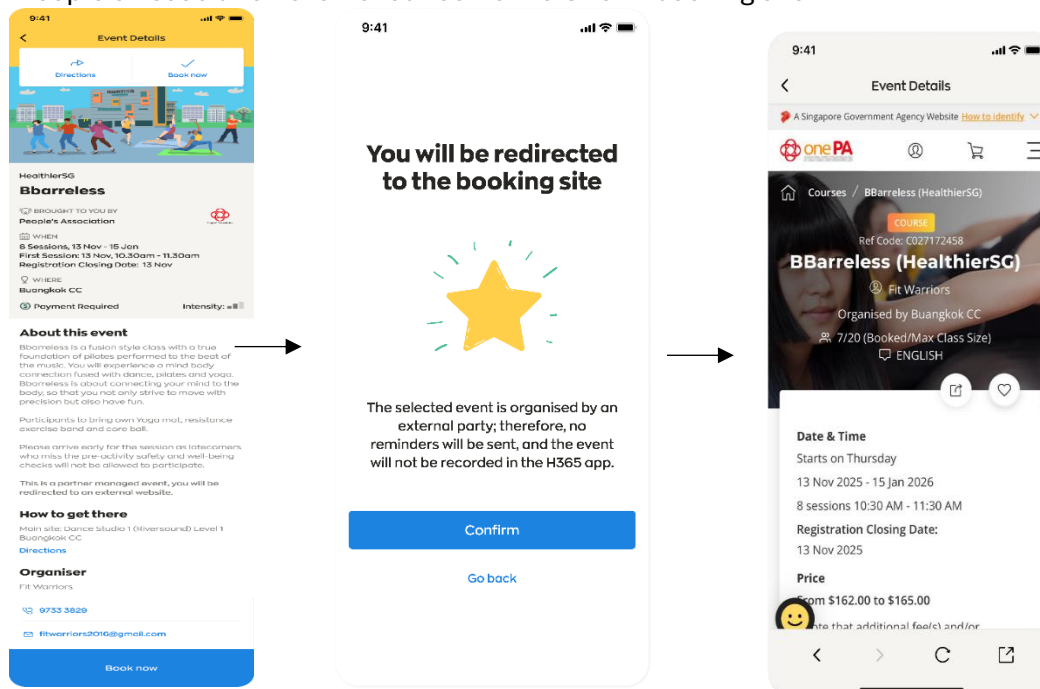

- Tap Book Now on the event details page.
- You'll be redirected to the Partner Organisation's website (ActiveSG or OnePA) to complete your booking.

Examples:

- SportSG¹ events redirect to the ActiveSG booking site

- People's Association events redirect to the OnePA booking site

Content is accurate as of 11/Dec/25

¹ SportSG programmes are listed as "ActiveSG" in the Healthy 365 app. ActiveSG is the mass participation arm of SportSG that provides accessible sports facilities and programmes to the public.

4. Will I receive app notifications and email reminders for Partner Organisation events I have booked?

You won't receive app notifications or email reminders from Healthy 365 for Partner Organisation events.

Your booking information is stored with our partners. You may receive updates from them through their own communication channels.

5. Will my attendance at Partner Organisation events be recorded in the Healthy 365 app?

Partner Organisation events won't appear in your Healthy 365 app attendance history.

All registration and attendance tracking is done through the Partner Organisation's own platform.

6. Do no-show and late cancellation penalties apply to Partner Organisation events?

HPB penalties don't apply to Partner Organisation events. These penalties only apply to HPB MOVE IT programmes booked through Healthy 365.

Note: Each Partner Organisation may have their own cancellation policies, deadlines and potential fees.

7. How do I cancel my registration for Partner Organisation events?

Cancel directly with the organisation where you booked, not through Healthy 365.

To cancel:

1. Visit the Partner Organisation's website or app where you booked.
2. Log into your account on their platform.
3. Follow their cancellation process and policies.

Need help with cancellations?

- **SportSG¹:** Call 1800 344 1177 or visit activesgcircle.gov.sg/contact
- **People's Association:** Call 6225 5322 (8am to 6pm daily, except public holidays) or use [AskGov](#)

Note: Each Partner Organisation may have their own cancellation policies, deadlines and potential fees.

8. Is the booking limit applicable to Partner Organisation events?

The 8-session booking limit applies only to HPB programmes.

Partner Organisation events are booked on their platforms. These bookings don't count towards your Healthy 365 booking limit.

Check the Partner Organisation's terms and conditions when booking on their platform.

9. Do I need to update my health declaration to register for Partner Organisation events?

You don't need to update your health declaration on the Healthy 365 app to register for Partner Organisation events.

Registration is completed directly through the Partner Organisation's platform (SportSG¹ or People's Association). The health declaration required for HPB programmes does not apply to Partner Organisation events.

Each Partner Organisation may have their own health and safety requirements or declarations. Complete these during their registration process. Refer to the respective Partner Organisation's terms and conditions when booking on their platform.

10. How far in advance can participants view Partner Organisation events?

All events on the Healthy 365 app are shown 29 days in advance, including Partner Organisation events.

Partner Organisation event information is currently refreshed once daily instead of real-time. This may result in potential delays (maximum of 24 hours) in updating information displayed on the Healthy 365 app when changes are made on the Partner Organisation's platform.

For the latest information, refer to the Partner Organisation's platform directly after tapping **Book Now**.

11. Who should I contact if I have questions about a Partner Organisation event?

For enquiries about Partner Organisation events, find contact details on the event details page. This allows you to contact the relevant partner directly.

Alternatively, contact the respective Partner Organisation's customer support:

- **SportSG¹:** Call 1800 344 1177 or visit activesgcircle.gov.sg/contact
- **People's Association:** Call 6225 5322 (8am to 6pm daily, except public holidays) or use [AskGov](#)

Note: Each Partner Organisation may have their own cancellation policies, deadlines and potential fees. The Healthy 365 Customer Care team can provide general guidance but cannot assist with registration, cancellations or specific queries about Partner Organisation events.

Section 4: Registration and Attendance for Parent-Child Events

1. What are parent-child events (e.g., Active Family Programme)?

Parent-child events are family-centric events where parents can bond with their child(ren) through participation in the events together. Parent-child events are differentiated from the other events by the registration process. Please refer to Question 2 for the steps to register for parent-child events.

2. How can I register on behalf of my child(ren) for parent-child event?

You will first need to add your child(ren) (aged below 15 years old) to your Healthy 365 profile. You can add your child to your profile either through the “Event Details” or “Profile” page. After successfully adding your child(ren) to your account, you can then register on their behalf for a parent-child event.

Please click [here](#) for the step-by-step guide to add your child(ren) and register for parent-child event.

3. Is there a limit on the number of children I can add to my Healthy 365 profile?

There is no limit on the number of children (aged below 15 years old) you can add if you are the parent or legal guardian.

4. Can my spouse also add our child(ren) into his/her Healthy 365 profile?

Yes, your spouse can also add the child(ren) to their Healthy 365 profile. However, only one parent can register for the child at each session. Concurrent bookings for the child are not allowed.

5. If my child(ren)’s information has/have changed on Singpass Myinfo, do I need to inform HPB?

Subsequent updates to your child(ren)’s information in Singpass Myinfo will not be automatically updated to your Healthy 365 account. You can trigger an update by tapping on “Profile” on the homepage of the Healthy 365 app, tap into “Added Profiles” and tap on “Add profile via Singpass”. The updated information of your child(ren) will then be reflected on your Healthy 365 app after you have successfully retrieved the information from Singpass Myinfo.

6. Is there a limit on the number of children that I can register on behalf for parent-child events?

One parent can only bring up to two children per session.

7. Can I transfer my booking to my spouse if I am unable to participate in the session booked?

Bookings are non-transferable. You will need to cancel your registration for your spouse to book. However, this will be subject to the session’s capacity. If the capacity is full, then your spouse’s registration will not go through.

8. Can my parents/siblings/relatives register on behalf of my child(ren) for parent-child event?

No, only parents or legal guardians with the relationship verified via Singpass Myinfo will be able to register for their children.

9. Can I still attend the event if one of the children I have registered for is unavailable to attend?

Yes, you can tap on “Manage participants” on the event details page and you may unselect a child, replace a child or add child to the event. However, this will be subject to the session’s capacity and/or the child’s availability.

Section 5: Attending Virtual Session booked on Healthy 365 app

1. How do I attend the virtual session that I have booked on the Healthy 365 app?

There are two ways to attend virtual sessions. You can either tap on “Join Session” on the Healthy 365 app to join from your mobile phone from 30 minutes prior to the event start time, or you can also access the event link sent via email to join using another device. Please note that you must have a valid email address in your Healthy 365 profile to receive the email notifications. Please check your spam folder if you do not see the email in your inbox.

2. Can I share/forward the event link in the email to my friend/family member to attend the session even though they did not register beforehand?

As this is a registered-only event and the event link is unique to the registered participant, all interested participants must register on the Healthy 365 app and access the session either via their Healthy 365 account or the event link sent to their email.

Section 6: Error Messages and Troubleshooting on Healthy 365 App

1. Activities overlapped when registering

This error occurs when you have already registered for another session that clashes with the one that you are trying to book.

You are only allowed to register for one session on any given day and time. Please only attend sessions that you have registered for or cancel the registration for the session that you have already booked to register for the current session.

2. Maximum number of sessions booked exceed 8

This error occurs when you have exceeded the limit of 8 sessions booked or if the number of sessions you are attempting to book is more than the session quota you have remaining.

Participants are allowed to book up to 8 sessions across all programmes at any one time. Please select the number of sessions that you have left and tap on “Confirm Booking” to register again.

Select sessions to book

Monday, 1 Jul 08:05 - 08:50 ✓ SELECTED

Monday, 8 Jul 08:05 - 08:50 ✓ SELECTED

Tuesday, 9 Jul 08:30 - 09:00

Maximum 8 sessions are allowed to book at a time.
You only have 4 sessions left to book.

Confirm booking (3)

3. Check-in to on-ground session is unavailable

This error occurs when participants try to scan the attendance QR code more than 30 minutes after the session has ended. For example, if the session ended at 10.30am and participants scanned it at 11.05am.

To avoid this error, participants are encouraged to take their attendance before the session commences or before the session ends. Once the session ends, there is a 30-minute window for participants to take their attendance.

Check-in service is currently closed

Please approach any facilitator.

[Go to Home](#)

4. Invalid QR Code when check-in to on-ground session

This error occurs when participants scan an attendance QR code that has expired. As the attendance QR code is now a dynamic QR code, it changes every 60 seconds and will not be valid once it changes.

In the event of such an error, participants should approach the Vendor Facilitator and request to scan the attendance QR code again. Participants should also not take a photo of the attendance QR code and share it with others as it will be invalid after the 60-second validity period.

QR code is not valid

Make sure you are scanning a proper code.

[Try again](#)

5. Invalid Input / Failed to scan when check-in to on-ground session

This error occurs when there is a connectivity issue with our server at the point of attendance taking. Please restart your Healthy 365 app and try again.

Something went wrong

An error has occurred during the process.

[Try again](#)

6. Reminder on expiring health declaration status

Healthy 365 users will receive this reminder to update their health declaration if it is expiring within the next 28 days. This reminder will appear once every day until your health declaration is updated. This is updated to ensure that all participants are physically fit to participate in our physical activity programmes.

Important

You will need to indicate your health declaration to ensure you are physically fit to participate in physical activities. Click "Continue" to update your health declaration or choose "Skip for now" to update later.

[Skip For Now](#)

[Continue](#)

7. Expired health declaration status

It is mandatory to have an updated health declaration status when using the Healthy 365 app. Healthy 365 users will need to update their health declaration if it is expired or they will be logged out of the app. Once the health declaration is updated, the next reminder will only appear in the next 28 days before the health declaration's expiry (1 year from the health declaration update).

Important
You will need to indicate your health declaration to ensure you are physically fit to participate in physical activities. Click "Continue" to update your health declaration or choose "Log out" to exit the app.

[Log out](#)[Continue](#)

8. Health declaration not suitable to join this session when checking-in to an on-ground session

This error occurs when your health declaration falls under any one of the conditions – health declaration not filled in, expired or declared not ready to be physically active. Please confirm you are physically well and able to participate when updating your health declaration before you proceed to check in to the session.

Unable to join

Based on your health declaration, you are unable to join this event.

[Go to Home](#)

9. Why am I unable to update my health declaration on the Healthy 365 app?

Healthy 365 users are restricted from updating their health declaration more than once per day or during an on-going physical or virtual event once they have checked in their attendance.

During the above conditions or scenarios, the health declaration options will be disabled and the user is unable to update their health declaration. An alert message will also be shown to the user informing them that they cannot update their health declaration.

Updates can only be made the following day from when you last updated your health declaration (i.e. if you updated on Monday, you can only update on Tuesday) or after the ongoing event has ended, if you have not updated your health declaration for the day.

Health Declaration

A registered physical activity is currently in progress IN PROGRESS
You will not be able to update your health declaration at this point of time. You may only do so after the activity has ended.

Are you ready to participate in physical activities?
[View Get Active Questionnaire](#) before answering:

☒ Yes, I verify that I have no health conditions

☐ Yes, I have 1 or more health conditions but I verify that I can be more physically active because
I have consulted my doctor/physiotherapist who has recommended that I become more physically active, or I am comfortable with becoming more physically active on my own without consulting my doctor/physiotherapist.

☐ No, I have 1 or more health conditions

10. Why do I receive the “Unable to verify your profile with the NRIC/FIN” error message when I try to log in via Singpass Myinfo to add my child(ren) to my Healthy 365 profile?

You may have used a different NRIC/FIN to log into Singpass Myinfo from the one used to create your Healthy 365 account. Please try again by ensuring that the correct NRIC/FIN has been entered.

11. Why Singpass Myinfo is unable to retrieve my child(ren)’s information?

There may be missing information in Singpass Myinfo that is required for the purpose of adding your child(ren)’s profile to your Healthy 365 account. You may call the Singpass helpdesk at +65 6335 3533 or email support@Singpass.gov.sg for support/enquiries.

The operating hours are from 8am to 8pm (Mondays to Fridays) and from 8am to 2pm (Saturdays) excluding Sundays and public holidays.

12. Why is my child(ren)’s details retrieved from Singpass Myinfo inaccurate/missing?

As the details are retrieved directly from Singpass Myinfo, you may call the Singpass helpdesk at +65 6335 3533 or email support@Singpass.gov.sg for enquiries.

The operating hours are from 8am to 8pm (Mondays to Fridays) and from 8am to 2pm (Saturdays) excluding Sundays and public holidays.

13. Why do I receive the “No dependent(s)” error message when I try to add my child(ren)?

There may be no dependent registered under your NRIC/FIN in Singpass Myinfo. You may call the Singpass helpdesk at +65 6335 3533 or email support@Singpass.gov.sg for enquiries.

The operating hours are from 8am to 8pm (Mondays to Fridays) and from 8am to 2pm (Saturdays) excluding Sundays and public holidays.

Section 7: No-Show Policy

1. Is there any penalty for failure to attend the registered activities?

For HPB programmes: A penalty will be imposed on participants who do not turn up or are late for any on-ground or virtual sessions they registered for via the Healthy 365 app. The policy, which will disallow no-show participants from booking any event on the Healthy 365 app for a period of 7 days, will take effect from the time of the last missed session.

If you missed multiple sessions you have registered for within this seven-day period, the penalty period will be extended by another 7 days from when you last failed to attend.

E.g., You miss a 6 -7pm booked session on 12 July. You will be subjected to the penalty and will be disallowed from booking any on-ground or virtual event on the Healthy 365 mobile app until 19 July, 7pm (7 days). If you miss another booked session on 21 July, 7-8pm, your no-show penalty will be extended till 28 July, 8pm.

For Partner Organisation events (SportSG¹ and People's Association programmes): Please refer to [Section 3: Registration for Partner Organisation Events](#) for information on how no-show policies apply to Partner Organisation events.

2. Why introduce the no-show policy?

The purpose of this policy is to encourage Healthy 365 users to sign up only for slots for which they are available, avoiding wastage of slots that could otherwise be used meaningfully by other participants.

In addition, it is also to encourage participants to arrive early for the session as latecomers who miss the pre-activity safety and well-being checks will be regarded as a “no-show” and not be allowed to participate in the event.

3. Why is the no-show policy applicable to virtual events when there are usually extra slots due to the higher capacity allowed?

In addition to prevent wastage of slots due to no-show, the policy is also to encourage participants to arrive early for the session as latecomers who miss the pre-activity safety and well-being checks will not be allowed to participate in the event.

The consistent treatment for both on-ground and virtual events is to ensure that participants will make conscious efforts to cancel their registered events when they are not available.

4. What constitutes a no-show?

It is considered a no-show when you fail to turn up or arrive late for a session that you have booked on Healthy 365 app, without cancelling your registration before the session begins. You may refer to Q19 in Section 2 for information on how to cancel your registration.

The following scenarios do not count as a no-show:

- Any cancellation initiated by HPB due to inclement weather and/or other reasons

- Any Healthy 365 app system maintenance that results in an inability to capture your attendance on the app

Please contact our Customer Care hotline at 1800 223 1313* or email hpb_mailbox@hpb.gov.sg if you require further assistance.

**Airtime charges apply for mobile calls to 1800 service lines.*

5. Can I appeal for a waiver of the no-show penalty?

HPB reserves the right to waive the no-show penalty on a case-by-case basis. Please contact our Customer Care hotline at 1800 223 1313* or email hpb_mailbox@hpb.gov.sg if you require further assistance.

There will be no waiver of the penalty if it is incurred due to participants being late for the session. To avoid the penalty, participants are encouraged to arrive early for the session or cancel your registration before the session begins.

**Airtime charges apply for mobile calls to 1800 service lines.*

6. If I have incurred a penalty due to no-show and am unable to make on-ground event bookings for 7 days, can I still attend previously booked sessions?

Yes, you can still attend the sessions you previously booked, but you will not be able to register for any new sessions during the penalty period. If you fail to attend these booked sessions and do not cancel them on time, the penalty period will be extended by another 7 days from the latest date on which you failed to attend.

Section 8: Late Cancellation Policy

1. What is HPB's late cancellation policy?

For HPB programmes: You can cancel your registered session without incurring any penalty up to 12 hours prior to the session start time for all sessions. If you do not cancel your registered session at least 12 hours before the start time, you will be unable to book any new sessions via the Healthy 365 app for 7 days from the time of the late cancellation.

For example, if your session is scheduled for 10am on Wednesday, you must cancel by 10pm on Tuesday to avoid the penalty. Any cancellation after 10pm on Tuesday will result in an immediate penalty. For instance, if you cancel at 11pm on Tuesday, your seven-day penalty begins immediately at 11pm.

For Partner Organisation events (SportSG¹ and People's Association programmes): Please refer to [Section 3: Registration for Partner Organisation Events](#) for information on how no-show policies apply to Partner Organisation events.

2. Why introduce the late cancellation policy?

We want everyone to have the opportunity to participate in HPB's programmes to stay active. When participants cancel at the last minute or do not attend their booked sessions, other residents will not be able to make plans in time to attend the sessions.

To ensure fairer access for everyone in our community, we encourage all participants who have booked sessions to attend them, and to cancel their bookings early if they know that they will not be able to attend.

3. What is the difference between a no-show and a late cancellation?

A no-show occurs when you fail to attend or arrive late for your session without any cancellation. A late cancellation occurs when you cancel your session less than 12 hours before the start time. Both situations will result in a seven-day booking restriction, but the penalty start time differs:

For no-shows:

- The seven-day penalty starts from your missed session time
- For example, if you miss a 7am session, your penalty starts from 7am

For late cancellations:

- The seven-day penalty starts from when you cancel
- For example, if you cancel at 6am for a 7am session, your penalty starts from 6am

4. How can I avoid incurring penalties?

To avoid penalties, you should:

- Plan ahead and only book sessions that fit your schedule
- Cancel your booking if you can no longer attend, at least 12 hours before the session
- Arrive early for your sessions to complete pre-activity checks and wellbeing checks

5. Will I be penalised if the session is cancelled by HPB?

No, participants will not be penalised for sessions cancelled by HPB, including cancellations due to bad weather or other unforeseen circumstances.

6. What happens if I incur both a no-show and a late cancellation penalty?

The penalties will not be stacked, but the seven-day restriction period will be extended from your most recent infraction. For example, if you have a no-show on Monday, 2 June, and a late cancellation on Wednesday, 4 June, your restriction period extends to next Wednesday, 11 June. The original restriction would have ended on Monday, 9 June, but the new penalty extends it by two more days (Tuesday and Wednesday).

7. How can I check if I have any active penalties?

You can view any active penalties within any event details page on the Healthy 365 app. A nudge card will be displayed indicating that you have incurred a booking penalty for either missing your booked session and/or cancelling it too late. This card will show the remaining duration of your penalty period and when you can resume making new bookings.

8. What if I have a valid reason for my no-show or late cancellation?

We understand that participants may sometimes be unable to attend events due to unforeseen circumstances. With effect from April 2025, HPB has allowed residents to walk in at any time for low-intensity and moderate-intensity activities, such as yoga, Zumba Gold® and resistance band exercises. As such, participants who are uncertain about their plans may wish to make bookings on the day of the activity itself or walk in, subject to available capacity.

To help participants adjust to the new cancellation policy, we will be implementing a six-month grace period, from 24 July 2025 to 23 January 2026, during which participants may request a waiver of the late cancellation penalty by contacting our Customer Care hotline at 1800 223 1313* or emailing hpb_mailbox@hpb.gov.sg.

**Airtime charges apply for mobile calls to 1800 service lines.*

9. Can I still attend previously booked sessions during a penalty period?

Yes, you can still attend sessions booked before incurring the penalty. However, failing to attend these sessions or cancelling them late will extend your penalty period by another 7 days from the latest date on which you failed to attend or cancel in time.
