Learn more about HealthHub

HealthHub is Singapore's national digital healthcare platform that helps you manage your personal and loved ones' health seamlessly in one place. Be on top of healthcare matters that need your attention and stay active with health programmes, events and more through the HealthHub app.

Download the HealthHub app

Download on the App Store

GET IT ON Google Play

Alternatively, you may access HealthHub e-Services using your web browser: ***for.sg/hh-website*** *or via the Singpass app.*

HealthHub

One App at Your Fingertips

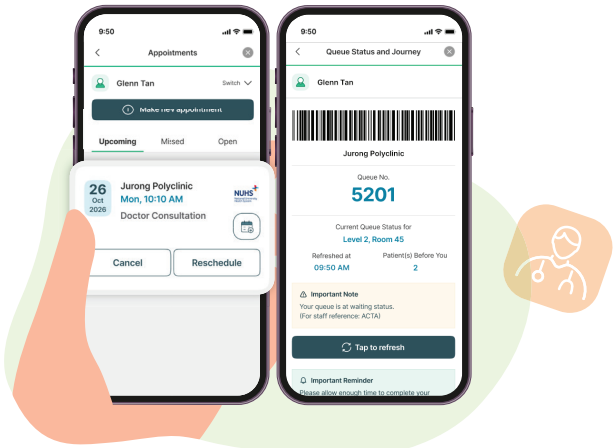

Your public healthcare journey, now simplified into a single app

- Pay bills
- Book appointments
- View health records
- Track and refill medication
- Manage loved ones' healthcare

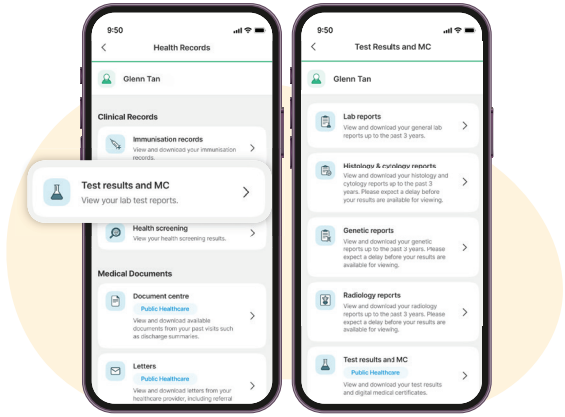

Follow us @HealthHub.sg

www.healthhub.sg

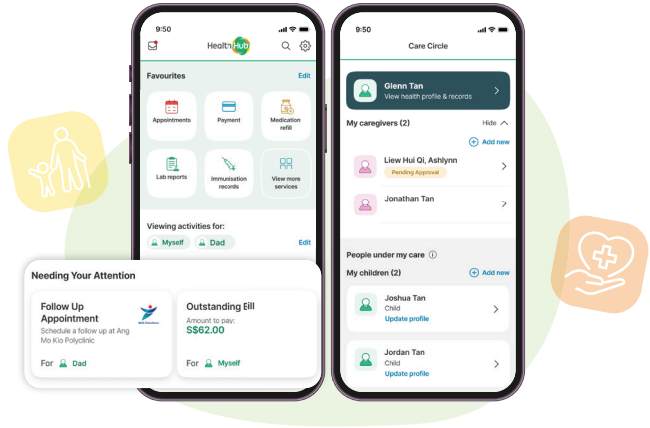

Book and pre-register your appointments conveniently

Set up your preferred polyclinics, book your medical appointment and pre-register 30–90 mins in advance for your queue number.

Access your health information seamlessly

View your clinical records as well as medical documents and access hospital services whenever you need them.

Manage your Care Circle in one place

Receive notifications, view health records and perform digital healthcare transactions for yourself, your dependents and loved ones.

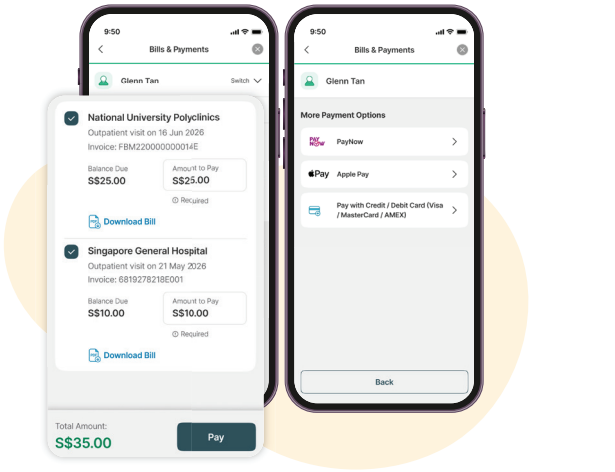

For Caregivers

Taking care of someone? Add them as a care recipient under “People under my care” to stay updated on their healthcare needs in a single app.

For Care Recipients

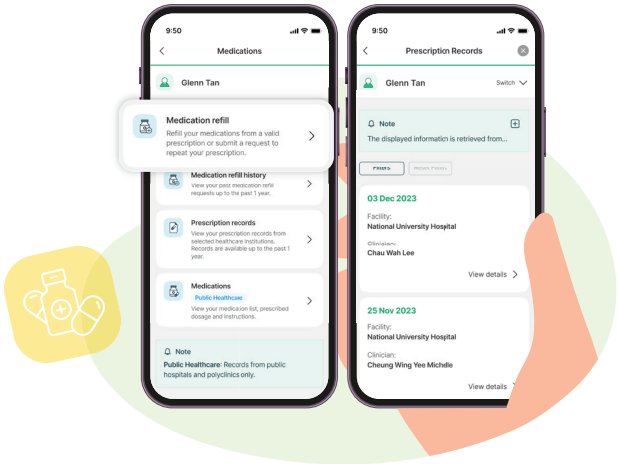

Is someone helping to manage your health? Appoint them as your caregiver under “My caregivers” and grant them access to better support your healthcare journey.

Head to for.sg/hh-faq for more resources and step-by-step guides today.

Pay your healthcare bills digitally

Pay with ease across multiple institutions using PayNow, Apple Pay, Google Pay or your credit and debit cards. Save your preferred card for faster payments and access past invoices anytime.

Keep track of your medication

Refill your medication or submit a request to repeat your prescription and view your prescription records digitally.

Need help with the HealthHub app?
